

## CASE STUDY

# BIG ASS FANS AT COTTON ON ASIA HUB

## PROBLEM

Cotton On Asia Hub is a large warehouse facility in Singapore that operates 24/7. The high temperatures and poor airflow in the facility were causing employee discomfort and productivity losses.

## SOLUTION

Cotton On Asia Hub installed 11 sets of Big Ass Fans Powerfoil X3.0 Plus 24" fans in the 12m height facility. These fans are designed to move large volumes of air and they are able to significantly cool down the temperature and improve airflow in the facility.

## BENEFITS:

The installation of the Big Ass Fans has had a number of benefits for Cotton On Asia Hub, including:

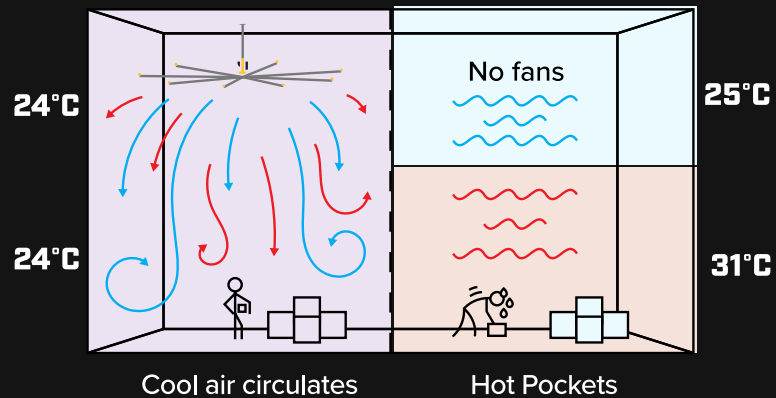

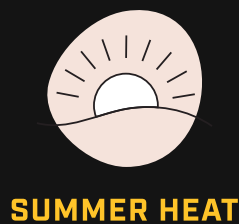

- Reduced employee discomfort: The fans have created a cooler and more comfortable working environment for employees, which has led to reduced heat-related illnesses and increased productivity.
- Improved air quality: The fans have helped to improve air quality in the facility by circulating fresh air and removing stale air.
- Reduced energy costs: The fans are highly efficient and they have helped to reduce the facility's energy costs.
- Reliable products with professional sales and solutions: Great solution and professional advice provided with heat mapping and clarity on where should the fans be installed to allow for better airflow.

## RECOMMENDATION

Ben See, the Site Manager for Cotton On Asia Hub, highly recommends Big Ass Fans to other companies. He says that the fans are effective, reliable, and have a positive impact on the employee's well-being.

## CONCLUSION

The installation of Big Ass Fans at Cotton On Asia Hub has been a success. The fans have helped to improve the working environment for employees and reduce energy costs. If you are looking for a way to cool down your facility and improve air quality, Big Ass Fans are a great option.

THE BIG ASS FANS HAVE BEEN A GREAT ADDITION TO OUR FACILITY. THEY HAVE HELPED TO COOL DOWN THE TEMPERATURE AND IMPROVE AIR QUALITY, WHICH HAS MADE A BIG DIFFERENCE FOR OUR EMPLOYEES. YOU WILL REALLY BE SURPRISED HOW EFFECTIVE THESE FANS ARE, EVEN WHEN INSTALLED AT A HEIGHT OF 12M HIGH. WE WOULD DEFINITELY RECOMMEND BIG ASS FANS TO OTHER COMPANIES.
