

Established in Germany in 1924, **Teka Group** is one of the leading European manufactures of home appliances. We carry the spirit of German industry – famous for its quality, superior technology and pure innovation. With more than 100 years of history, Teka Group has become an international example of household appliances. As of today, Teka owns 15 factories and 4.000 workers around the world, with presence in more than 120 countries in five continents.

## With a commitment to continuous innovation

Teka has become the preferred choice for many high-end real estate projects in Vietnam.

A testament to this is its participation in the Vin homes Central Park project, supplying induction hobs, range hoods, premium sinks and faucets for 9,365 apartments.

This collaboration goes beyond product supply. It reflects Teka's commitment to elevating kitchen spaces with European-standard luxury and convenience. The project solidifies Teka's position in Vietnam's premium kitchen appliance market while contributing to the creation of sophisticated and modern living environments.

Our values, deeply rooted in our company, are clear: Honesty, Generosity and Originality. This means we work for you, and we are always by your side, helping you to solve your everyday problems with world-class quality solutions.

Customer satisfaction is our main concern. We have strived from the very beginning towards best quality products, the most modern and original designs, and the best innovations at a fair price.

We combine quality, convenience and efficiency in everything we do, to achieve the best solution for your home. Our main goal is to create meaningful experiences to share with your loved ones.
